Sermon Application:
What insights did you gain concerning the Timeless God entering into Time through Christ?

What limitations did Jesus face that he would not have faced before becoming human?

Amos 3:7 says that God does nothing without revealing to us His secret counsel. What insights does that give you about the heart and character of God? What does it say about you?

How did the facts about the fulfillment Jesus plays of Old Testament prophecy influence your faith?

Were you surprised by anything Pastor Chuck shared today? How has that caused you to look at Christ or God differently?

In your own personal life, how have you seen God enter into your world in a tangible way?

If you know that God reveals His plan prior to fulfilling it, how important is the study of scripture as the coming of Christ approaches?

If you are not presently joining us for the study on Revelations on Sunday evenings at 6:00, prayerfully consider coming to learn more about the prophecies concerning this present time of history and the coming of Christ.
