## **TAKING IT HOME**

A few months ago, the Surgeon General put out a warning, that stated people or isolating and not connecting enough. If we are constantly only communicating through social media and text message and not face to face it creates an isolation that has a negative effect on our mental and physical health.

How are we to show generosity and love if we do not live in a community that interacts with each other face to face? How can we help this generation connect more so that each of us can become rich and have true meaning of life?

### **PRAYER TIME**

Give a guided prayer instruction to tie it all together. Be mindful of the time it would take larger groups to get through the prayer exercise. It can be simple.

### **ACTION STEPS**

Think of a generous act that you can do for someone this week. It may be as simple as finding them at church, giving them a hug and praying over them. Or maybe you can help a family or friend out with a meal? Helping someone and being generous doesn't always mean helping financially. It could also mean being generous with your time.
